🔎 Off-chain Evidence

C1 — Coordinated Shill Campaign HIGH

Multiple bot accounts posted identical promotional content within minutes of each other, displaying classic coordinated pump behaviour.

C6 — Anonymous Team / Same-Day Domain MEDIUM

Project website domain was registered on the same day as token launch. No team identities, CVs, or verifiable social accounts exist. WHOIS data is privacy-protected.

📎 IMG_2244.jpg

C7 — Whale Concentration — Top 3 Wallets Hold 62% HIGH

At peak, the top 3 holder wallets controlled 62% of circulating supply, indicating extreme insider accumulation and the ability to crash price at will.
